With all the recent news of the Ebola virus in west Africa, you can imagine that our Ghana team members, family and friends shared a measure of concern as we approached our September 19 departure date. However, since the center of the outbreak was two countries away in Liberia, and no cases of the virus were present in Ghana, depart we did. We have no regrets. Ministry continued in schools and villages. 1000's of Bibles were distributed, the gospel was again shared before more than 31,000 people in 155 venues, and we saw **21,959 indicate a decision for Christ!** We continue to be thankful for being a part of God's work in this nation. Everyone returned home Oct. 5 healthy but tired! As always, follow the picture tour to share some of our experiences.
