**Praise With Us - Pray With Us!**

← With COVID still hindering us from previous on-going ministries, much time has become available to devote to Bible study and preparation for our Sunday morning live face book video messages. I have taken advantage of this opportunity and have spent more concentrated time in the Word than any time I can

- August 2 - "Can A Nation Survive (Part 4) the Practice of Reviling?"
- August 9 - "If You Will, I Will" (2 Chronicles 7:14)
- August 16 - Begin New Series, "Close Encounters" - "A Teen In The Temple"
- August 23 - "Close Encounters" - "Down By The Riverside"
- August 30 - "Close Encounters" - "Temptation Mountain"

**"It's Your Fault!"**

This was how I was greeted outside my back door recently as two neighbors were standing in our yard (I don't mind!) discussing the previous Sunday's video message. "What is my fault?" I asked. "I've been watching your messages on Sundays," she said, "and I've decided I need to live for Jesus and tell everyone I can about Him. And you know what? Some people don't like it, especially my family! It's your fault (smiling)!"

In addition to our Sunday AM JAMin. team, we have some neighbors attending in our living room, while others like the above are watching on face book or our website. Another such person greeted me on my early AM walk last week and shared how her family has watched every week. "Even our grown daughter is watching with us and said that she is learning about the Bible in a way she did not think possible."

## FOOD FOR FAMILIES - THURSDAY MORNING DELIVERIES

Thursday, July 23, what a morning! As I headed out to make my weekly food deliveries to families of incarcerated inmates, the representative from Safer Communities Ministries called to see if I would add a new stop. No problem, it was close to my route. At the first stop no one answered so I left the food on the back porch. At my 2nd (and new) stop I stood & looked at a front porch caged in and gated, with signs warning no entrance and beware of dog!

like a meth house and it would best to leave the food & depart - again, no problem! Approaching my third stop, I found much of the area "crawling" with policemen, and the street blocked by crime scene tape &

cers, encouraging them in their work & assuring them of my prayers. Two of them took the food and walked it down the street to the family in need! I'll head out again next Thursday, wonder what I'll find? Not the
