Blessings to Brazil and Back (by Jeff Andler)
In 1999 & 2000, I led music teams to Campos Dos Goytacazes, Brazil, where we served with pastor Wesley Chrispin da Silva in holding evangelistic music venues in schools, public parks, churches and a TV station. Wesley was a meek young man, but experiencing the usual trials of trying to pastor a church. In the 20+ years since, we communicated occasionally, then in 2021 he informed me that he had been dismissed from his pastorate due to the church's desire for a "younger" leader. He told of the difficulty of continued unemployment, dealing with the problems of an autistic daughter, and the struggle with feelings of failure & discouragement. At that time JAMin. sent funds to help but over the next year Wesley's situation did not improve. We recently made his need known and many responded generously. Rather than just send a lump sum of money, I felt that Wesley also needed to pursue ministry opportunities in obedience to God's call in his life, whether paid or not, in an effort to restore the joy of his salvation and ministry. I asked him to do so & to send weekly pictures & reports of his activities, and that JAMin. would send financial aid every 2 weeks from the funds we were given. He, & we, have done exactly that, & the results are exciting. Take a look at his last few weeks. (begin left)

From Pastor Wesley...
 "God has spoken to my heart & taught me that to serve Him I must only speak of my willingness. God has used you to speak to my heart & encourage me in ministry. He has rescued in my heart the joy of serving Him. Thank you for the financial support which is blessing my family. God bless you my friend."
